VERA  YOUNG

The premium soy candle by VERA YOUNG, is handmade from natural plant waxes. The fragrances used are created using proprietary recipes specially developed for the Vera Young brand in Europe. The Lemongrass & Ginger fragrance is a unique combination of juicy lemongrass and spicy ginger to create an extraordinary atmosphere of relaxation and indulgence. Let yourself escape from the hustle and bustle of everyday life and immerse yourself in an aromatic experience that stimulates the senses while creating a peaceful space for inner relaxation. Soy candles are a healthier and more environmentally friendly alternative to traditional paraffin candles. The absence of paraffin in the composition of VERA YOUNG candles is important because it means less toxin emissions, better performance, a more environmentally friendly origin of the wax and a cleaner and more intense release of fragrances. The burning length of the Lemongrass & Ginger candle is approximately 45 hours, guaranteeing unforgettable moments of aromatic radiance. Each candle is packaged in an elegant cardboard box and has a description on how to use it, so that everyone can enjoy this special gift for as long as possible. The Lemongrass & Ginger fragrance has a cotton wick. The 170g capacity is equivalent to 245ml. Ecological candle, safe for health, free of harmful substances. Manufactured in the EU.
